RE: SUPPLY & INSTALLATION OF 8KW HYBRID SYSTEM

DATE: July 06, 2026

We are pleased to SUPPLY & INSTALLATION PV SOLAR OF 8KW HYBRID SYSTEM

Description	Qty.	Unit	Unit Price	Amount
I. MATERIAL COST				
650W AIKO ABC TECHNOLOGY Mono-Facial Panels	14	pcs.		345,800.00
8KW DEYE HYBRID INVERTER	1	unit		
314AH Lithium (LifeO4)	2	Unit		250,000.00
 Roughing-In & Consumable Materials	 1	 lot		
- Roof Mount railing set				
- DC and AC Breakers and Isolators				
- Surge Protection				
- DC Wiring and M4 Connectors				
- Conduit Piping				
- Pull Box				
- Utility Box				
- Wire harnessing				
- Supports and Brackets				
 II. LABOR & SUPERVISION	 1	 lot		
- Engineering Cost and Supervision				
- Transportation				
- Net Metering				35,000.00
TOTAL				630,800.00

OVERALL TOTAL PACKAGE COST		Php	630,800.00
50% Downpayment	Downpayment	Php	315,400.00
45% Upon Project Completion	Completion of Installation	Php	283,860.00
5% Retention	Retention after Net Metering	Php	31,540.00
 Completion of Installation Payment of 45%			
		Php	283,860.00
VAT Excluded			

Components Warranty and Performance:

1. Solar Modules - 10 Years replacement, Up to 12 years : 90% power output 2. Up to 25 years : 85% power output.
2. GridTie/Hybrid Inverter - 5 Years Replacement Warranty
3. Lithuim Battery - 5 Year Warranty replacement on parts
4. Workmanship and Safety Devices - 1 year warranty

Components delivered and installed with the following conditions.

- Provided that the Equipments / Components is not tampered or opened by any unauthorized person.
- Provided that the Equipments / Components is not being abused or misused.
- (Acts of God (e.g. Lightning, Storms, etc. is not covered by the Warranty)

Components delivered and installed with the following conditions.

- Unlimited Free Service Visits for Troubleshooting and Checkup
- 24 to 48 Hours response time for any reported defects/problems.

Agreement

All equipment in above proposed solar power systems have longer service lives than guaranteed if operated under normal operating conditions. Nevertheless, the Service Level Agreement (SLA) may be signed between the Client & I that will cover all activities as per its requirements, for example:

1. Repair works
2. Troubleshoots at site
3. Client Orientation
4. Re-arrangement of system in any other location, etc.

Terms & Conditions:

- Payment Mode: 50% Downpayment, 45% Upon Completion and Commissioning
- 5% Retention after Commisioning and Energization
- Start of the Project: 3 to 5 Working Days depend on the size after receipt of Signed Conforme
- Price Validity: 15 days.
- Vat Excluded
- Project Duration: 7-14 Days

Sincerely,

Jan Michael Guanzon
